SUMMARY

Computer Science graduate -Qassim University, 2025- with Second-Class Honors (GPA 4.25).
Winner of Best Graduation Project (1st place, College of Computer) and 2nd place at the Qassim Innovation Incubator.
Active member of both the Robotics Club and the Student Club at the College of Computer. Founder of an AI eye-tracking autism detection project, with full-stack development, platform-building,
and project management experience.

WORK HISTORY

Cybersecurity GRC Trainee – Cipher Company   **Jun 2024 – Aug 2024**
    Riyadh
- Worked within the Governance, Risk, and Compliance (GRC) domain to support organizational cybersecurity readiness.
- Assisted in reviewing security practices and aligning them with organizational policies and compliance frameworks.
- Participated in evaluating cybersecurity risks and contributing to improved security governance and awareness.
- Gained hands-on exposure to cybersecurity controls, compliance procedures, and risk assessment methodologies.

EDUCATION

Bachelor of Science – Computer Science   **2020- 2025**

Qassim University

Second-Class Honors with GPA 4.25/5

CERTIFICATIONS

- Certified GRC Professional (GRCP) – OCEG | 2026.
- Power BI 101 – SATR Platform | 2026.
- Python Training Certificates – Coursera | 2025.
- Introduction to Data Science – SATR Platform | 2025.
- Governance, Risk, and Compliance in Cybersecurity – Cipher | 2024.
- Cybersecurity Course – Monsha'at | 2024.
- Introduction to Data Science Using Python – Coursera | 2024.
- Flutter Bootcamp – Fundamentals & Applications | 2024.
- UI/UX Bootcamp – Participation Certificate | 2024.
- Training Completion Certificate – Cipher Company | 2024.
- CS50x: Introduction to Computer Science – Harvard University | 2023.
- AI for Everyone: Master the Basics – IBM | 2023.
- The Second Women Programmers Meeting | 2023.
- English Language Course – Afaq Academy | 2021.

PROJECTS

- **Basirah - Autism Detection Through Eye Tracking** | Basirah Project Poster
  Project Manager & Lead Developer
  - Led the development of an intelligent system that assists in identifying autism indicators through eye-tracking analysis.
  - Built a multi-platform solution connecting parents, doctors, and administrators, ensuring smooth communication and case management.
  - Managed the end-to-end development process: system design, data processing, model integration, platform architecture, and user experience.
  - Recognized as the Best Graduation Project in the College of Computer.
- Simple Calculator Website
- Tea worlds website

MEMBERSHIPS

- Member, Saudi Council of Engineers (SCE) | 2025
- Member, Robotics Club – Qassim University | 2022 – 2025
- Member, Computer Science Students Club — Qassim University | 2021 – 2025

PORTFOLIO

- https://alhanof4f.github.io/portfolio/

Skills

Technical Skills:
- Governance, Risk & Compliance (GRC)
- Security Awareness Practices
- Programming Languages: Python, C, C++, Java
- Backend & Frontend Development
- Data Analysis
- Software Development (Algorithms, Data Structures, Debugging, Clean Code)
- Artificial Intelligence & Data (Model Development, Data Preprocessing, Analytical Workflows)
- UI/UX Design (Wireframing, Prototyping, User-Centered Design)

Soft Skills:
- Project Management
- Team Leadership
- Planning & Documentation
- Task Allocation
- Project Execution

LANGUAGE

- Arabic
- English
